BRAND
GUIDELINES
2023

The J.K.SHAH logo has been carefully spaced to make it scalable across media.

The interspacing between the characters is never to be altered.

LOGO MEASUREMENT

Clearspace is the minimum space that is to be maintained around the logo wherever it gets featured.

The hole in the letter ‘.(dot)’ in between the lettet ‘J’ and ‘K’ defines this space on all sides. Maintaining this minimum space ensures that the logo stands unobstructed.

LOGO CLEARSPACE

The Veranda logo can be scaled up to any size for usage across media.

However, the logo cannot be scaled below its minimum size as its legibility will be compromised.

LOGO
SCALE

Print (Width)	Screen (Width)	
60 mm	514 px	
40 mm	342 px	
28 mm	240 px	
50 mm Minimum Size	142 px Minimum Size	
25 mm (Illegible)	71 px (Illegible)	

The logo can appear in **full colour** and **full black** on **white / lighter backgrounds**.

On all other backgrounds, it is to be used in **white only** to ensure proper visibility.

LOGO BACKGROUND USAGE

The logo must remain untampered to ensure brand sanctity.

Here's a series of examples of what not to do to ensure consistency.

LOGO INCORRECT USE

✗ Never warp the logo

✗ Never recolour the logo

✗ Never add a box to the logo

✗ Never use the logo without Veranda Tagline

✗ Never change the orientation of the logo

✗ Never recreate the logo

✗ Never add effects on the logo i.e. drop shadow or glow

✗ Never reduce the letter space in 'CLASSES'
