

ABOUT J.K. SHAH CLASSES

A Legacy Built on Clarity. Discipline. Results.

In 1983, Prof. CA J.K. Shah began with a simple yet powerful belief:

Commerce education must be structured, conceptual and uncompromising.

At a time when CA Final Costing was considered the "waterloo subject" for aspirants, he set out to simplify it. What began as focused coaching for one paper soon evolved into something much larger — a structured academic system that students could rely on.

That system became **J.K. Shah Classes**.

From One Subject to a Complete Commerce Institution

Over the decades, JKSC integrated backward — expanding from CA Final to cover every level of the Chartered Accountancy journey:

- CA Foundation

- CA Intermediate

- CA Final

The pedagogy, structure and academic discipline developed over those early years became the institution's core strength.

As the aspirations of students evolved, so did JKSC.

The institute expanded into:

- Cost & Management Accountancy (CMA – India)

- Company Secretary (CS)

- XI & XII Commerce

- ACCA

- CMA (USA)

- CFA® Programme

- CPA (USA) and other global pathways

From a single subject in 1983 to a multi-level commerce education ecosystem — the journey has been deliberate, thoughtful and student-first.

A National Presence. A Consistent Standard.

Today, J.K. Shah Classes stands as one of India's largest commerce coaching institutions.

Beyond Education: Responsibility

The story of JK Shah Classes is not only about academic success.

It is also about **responsibility**.

Every month, Prof. CA J.K. Shah personally leads the distribution of ration kits to **800+ needy families**, including many of JKSC's support staff and economically vulnerable households.

Success must be shared.

An institution that builds professionals must also support the communities around it.

The Story Continues

From chalkboards to digital classrooms.

From a single subject to global finance programmes.

From one centre to a nationwide presence.

J.K. Shah Classes continues to evolve — but the foundation remains unchanged:

Clarity in teaching.

Discipline in execution.

Commitment to student success.

And the journey is far from over.
