## CHARTERED ACCOUNTANT CHARTERED FINANCIAL ANALYST

### PROFILE

---

I am a Chartered Accountant and Chartered Financial Analyst with diverse experience of 7+ years across multiple functions involving audit, cost management, budgeting, forecasting, risk management, accounting and financial planning & analysis.

Being a process-oriented professional, I have a strong inclination towards automation and digitization to enhance transaction control and governance in various organisational functions.

Following my profound interest in analytics and trading, I completed my CFA course and I am competent in valuations and understand working of different financial instruments and have been active F&O trader.

### WORK EXPERIENCE

---

#### SS&C Globeop - Fund Accounting -Feb 2023 to Present

- Prepare financial statements for private equity funds in accordance with US GAAP and IFRS.
- Maintain robust internal controls and ensure all financial transactions comply with accounting standards and fund structures.
- Collaborate with client service teams to understand unique investor and reporting requirements, delivering tailored solutions.
- Oversee fund and partner onboarding, including setting up fund structures and investments within the accounting system.
- Calculate management and performance fees, prepare Partner Capital Statements (PCAPs), and compile complete NAV packages.
- Process capital calls and distributions, and maintain waterfall models in line with Limited Partnership Agreements (LPAs).
- Perform deal-by-deal accounting, tracking each investment's performance, cash flow, and return metrics individually.
- Identify and resolve system errors by working closely with IT to ensure accurate data flows and reporting.
- Design custom workpapers and implement accounting workflows for new funds and complex deal structures.
- Lead process improvements and automation initiatives to enhance efficiency and minimize manual errors.
- Handle audit support, respond to ad hoc client and investor requests, and produce customized financial reports.
- Lead and facilitate monthly/quarterly calls with fund managers, CFOs, and other key stakeholders.
- Train and mentor new joiners.
